Medical Record Review  
Transcription*

### CLIENTS & INDUSTRIES

*Law Firms                      Disability  
Insurance                      Personal Injury  
IME / QME                      Auto/Liability  
Workers Comp  
Mass Torts*

Deposition summaries are a critical component of the litigation process, but they don't have to take time and focus from the real work of preparing a case. In most instances, outsourcing will save you both significant time and money. When you outsource your deposition summaries to **Numina MedLegal**, your project is assigned to a dedicated team backed by medical-legal experts with excellent English skills who review and summarize your depositions with accuracy and efficiency.

- Reports sorted by page:line or topic
- Hyperlinks to source
- Template formatted to your specifications
