We have over 2 decades of experience as a leading MedLegal digital solutions subcontractor serving satisfied customers worldwide.

Premier transcription services since 1999!

- Easy setup.
- Overnight EHR population.
- No contract requirement.

Transcription Services

Get your chart and notes, including structured data and narrative, into your EHR **overnight**.

- **24/7 support for rapid response to any issues**
- **Secure Cloud-based data storage and job tracking**

Numina Transcription uses advanced AI and natural language processing technologies plus human medlegal language specialists to transform your dictation into EHR-compatible data.

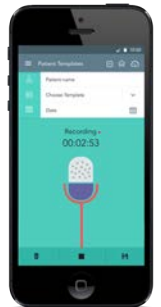

Physician-Friendly and Accurate!

Reduce tedious, time-consuming documentation tasks.

- 1) DICTATE WITH YOUR CHOICE OF DEVICE & APP.
- 2) APPROVE, E-SIGN. (FAX AVAILABLE)
- 3) WE AUTO-POPULATE YOUR EHR.

Stress-Free and Easy!

1. **Record your notes** during or after each patient encounter with our hassle-free **EasyDictate mobile app** or with your own USB hand-held device.
2. **Securely upload your audio files**. We take it from there.

We capture all the information you dictate:

- **Patient visits**
- **SOAP notes**
- **Referral letters**
- **IME/QME transcription**

Add remote scribing options:

- **Lab orders, Rx**
- **Special instructions**
- **Appointment scheduling**
- **Eligibility verification**
